

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yue Ren  
DOCKET NO.: 20-02260.001-R-1  
PARCEL NO.: 15-33-214-005

The parties of record before the Property Tax Appeal Board are Yue Ren, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$29,277  
**IMPR.:** \$113,331  
**TOTAL:** \$142,608

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,482 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include a concrete slab foundation, central air conditioning, and a 460 square foot attached garage. The property has an approximate 6,825 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .46 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,390 to 2,664 square feet of living area. The dwellings range in age from 32 to 42 years old. Each comparable has a crawl space or

concrete slab foundation, central air conditioning, and an attached garage with 460 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$95,748 to \$110,527 or from \$40.06 to \$41.49 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$101,327 or \$40.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,608. The subject property has an improvement assessment of \$113,331 or \$45.66 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .26 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,266 to 2,526 square feet of living area. The dwellings were built from 1980 to 1987 with comparable #2 having an effective built date of 1987. Four comparables each have a concrete slab foundation and one comparable has a basement with finished area. Each comparable has central air conditioning and an attached garage ranging in size from 400 to 460 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$104,577 to \$121,555 or from \$46.15 to \$48.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparable #4 which has a basement, unlike the subject's concrete slab foundation.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$95,748 to \$121,555 or from \$40.06 to \$48.12 per square foot of living area. The subject's improvement assessment of \$113,331 or \$45.66 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
