

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bret Robertson
DOCKET NO.: 20-02263.001-R-1
PARCEL NO.: 15-19-403-015

The parties of record before the Property Tax Appeal Board are Bret Robertson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,072
IMPR.: \$206,864
TOTAL: \$244,936

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction containing 4,657 square feet of living area. The dwelling was constructed in 1991 and is approximately 29 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and an attached garage with 840 square feet of building area. The property has an approximate 49,921 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same neighborhood code as the subject property and located within .54 of a mile from the subject. The comparables are improved with two-story dwellings of Dryvit, brick, or wood siding exterior construction ranging in size from 4,007 to 4,648 square feet of living

area. The dwellings range in age from 24 to 29 years old. The comparables each have a full basement, three of which have finished area with one of these also being a walk-out style. Each comparable has central air conditioning, from one to three fireplaces, and an attached garage ranging in size from 603 to 856 square feet of building area. The comparables have improvement assessments ranging from \$157,179 to \$172,267 or from \$36.89 to \$39.23 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$175,685 or \$37.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,936. The subject property has an improvement assessment of \$206,864 or \$44.42 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same neighborhood code as the subject property and located within .51 of a mile from the subject. The comparables are improved with two-story dwellings of brick or wood siding and brick exterior construction ranging in size from 4,112 to 4,716 square feet of living area. The dwellings were built from 1989 to 1993. The comparables each have a full basement, four of which have finished area. Each comparable has central air conditioning, from one to three fireplaces, and an attached garage ranging in size from 704 to 837 square feet of building area. The comparables have improvement assessments ranging from \$192,893 to \$229,696 or from \$44.26 to \$50.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #1, #3 and #4 as well as board of review comparables #1 through #4 due to differences from the subject in dwelling size and/or basement finish. The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and board of review comparable #5 which are similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments of \$172,267 and \$201,889 or \$37.06 and \$48.31 per square foot of living area, respectively. The subject's improvement assessment of \$206,864 or \$44.42 per square foot of living area is bracketed by the improvement assessments of the two best comparables in the record on a per square foot basis. Based on this record and after considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
