

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jay Robinson
DOCKET NO.: 20-02264.001-R-1
PARCEL NO.: 15-23-107-007

The parties of record before the Property Tax Appeal Board are Jay Robinson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,934
IMPR.: \$125,235
TOTAL: \$161,169

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling brick exterior construction with 3,125 square feet of living area.¹ The dwelling was constructed in 1993 and is approximately 27 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace, and a 483 square foot attached garage. The property has an approximately 6,969 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

1. The parties differ as to the story height of the subject. The Board gives most weight to the evidence presented by the board of review which included the property record card and a schematic drawing of the subject with sketch notes indicating a second floor. In addition, the board of review's grid analysis indicated that the subject and each of the comparables has a 1,367 square foot ground floor with a total of 3,125 above ground square feet of living area, suggesting to the Board that the subject and comparables have more than one story.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.06 of a mile from the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 3,125 to 3,393 square feet of living area. The dwellings are either 26 or 27 years old. Each comparable has a concrete slab foundation, central air conditioning, one or two fireplaces, and an attached garage that range in size from 400 to 483 square feet of building area. The comparables have improvement assessments that range from \$115,505 to \$130,665 or from \$36.96 to \$38.51 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$118,203 or \$37.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,169. The subject property has an improvement assessment of \$125,235 or \$40.08 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.08 of a mile from the subject. Each comparable is improved with a two-story dwelling of brick exterior construction with 3,125 square feet of living area. The dwellings were each built in 1993. Each comparable has a concrete slab foundation, central air conditioning, one fireplace, and an attached garage with 483 square feet of building area. The comparables have improvement assessments that range from \$125,235 to \$125,883 and that are either \$40.08 or \$40.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3 and #4 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 as well as the board of review comparables which are identical to the subject in age, dwelling size, and most features. These comparables have improvement assessments that range from \$115,505 to \$125,883 or from \$36.96 to \$40.28 per square foot of living area. The subject's improvement assessment of \$125,235 or \$40.08 per square foot of living is equivalent to the improvement assessments of three of the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject,

the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
