

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allan Rohr
DOCKET NO.: 20-02267.001-R-1
PARCEL NO.: 15-21-302-020

The parties of record before the Property Tax Appeal Board are Allan Rohr, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,683
IMPR.: \$158,718
TOTAL: \$200,401

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,632 square feet of living area. The dwelling was constructed in 1999 and is approximately 21 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 628 square foot garage. The property has an approximately 10,018 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located within 0.18 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 3,402 to 3,977 square feet of living area. The dwellings range in age from 22 to 25 years old. Each home has a basement,

one of which has finished area, central air conditioning, and a garage ranging in size from 630 to 693 square feet of building area. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$142,100 to \$164,621 or from \$41.39 to \$43.90 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$155,086 or \$42.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$224,129. The subject property has an improvement assessment of \$182,446 or \$50.23 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables. The comparables are located within 0.32 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with two-story homes of brick, dryvit, or brick and wood siding exterior construction ranging in size from 3,410 to 3,562 square feet of living area. The dwellings were built in 1995 or 1999. Each home has a basement with finished area, central air conditioning, and a 671 or a 693 square foot garage. Two homes each have one or two fireplaces. The comparables have improvement assessments ranging from \$161,805 to \$185,609 or from \$47.45 to \$52.11 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and to the board of review's comparables, which feature finished basement area that the subject lacks.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$142,100 to \$164,621 or from \$41.39 to \$43.74 per square foot of living area. The subject's improvement assessment of \$182,446 or \$50.23 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
