

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Greenberg  
DOCKET NO.: 20-02277.001-R-1  
PARCEL NO.: 16-36-420-010

The parties of record before the Property Tax Appeal Board are David Greenberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$100,343  
**IMPR.:** \$94,160  
**TOTAL:** \$194,503

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,748 square feet of living area. The dwelling was constructed in 1926 and is approximately 94 years old. The dwelling has a reported effective age of 1944 due to remodeling in 1996. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 220 square foot garage. The property has an approximate 14,973 square feet site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within .12 of a mile from the subject property and with the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 2.5-story dwellings of brick or wood siding exterior construction ranging in size from 3,028 to 3,234

square feet of living area. The dwellings range in age from 65 to 95 years old. The appellant reported that each comparable has a basement, two of which have finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 180 to 625 square feet of building area. The comparables have improvement assessments that range from \$91,943 to \$104,363 or from \$30.36 to \$33.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$88,279 or \$32.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$194,503. The subject property has an improvement assessment of \$94,160 or \$34.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within .34 of a mile from the subject property and with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,492 to 2,840 square feet of living area. The dwellings were built from 1897 to 1941 and have reported effective ages ranging from 1944 to 1954. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning and one or three fireplaces. Three comparables each have a garage ranging in size from 240 to 400 square feet of building area. The comparables have improvement assessments that range from \$94,171 to \$107,654 or from \$35.85 to \$40.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 due to their larger dwelling sizes when compared to the subject. The Board gives less weight to board of review comparable #2 which lacks a garage, a feature of the subject.

The Board finds the best evidence of assessment equity to be parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age/effective age and some features; however, three of the comparables have basements with finished area, unlike the subject, suggesting a downward adjustment for this feature would be required to make the comparables more equivalent to the subject. Nevertheless, these comparables have improvement assessments that range from \$91,943 to \$107,654 or from \$30.36 to \$38.39 per square foot of living area. The subject's improvement assessment of \$94,160 or \$34.26 per square foot of living area falls within the range established by the best comparables in the record. Based on this

record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
