

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Burton Ehrlich
DOCKET NO.: 20-02282.001-R-1
PARCEL NO.: 16-23-405-005

The parties of record before the Property Tax Appeal Board are Burton Ehrlich, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$82,482
IMPR.: \$104,879
TOTAL: \$187,361

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story dwelling of wood siding exterior construction with 3,534 square feet of living area. The dwelling was constructed in 1924 and is approximately 96 years old. The dwelling has an effective age of 1933 due to remodeling in 1993.¹ Features of the home include a basement finished with a recreation room, central air conditioning, two fireplaces and a 468 square foot garage. The property has a 10,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

¹ The subject's property record card provided by the board of review revealed the subject dwelling was remodeled in 1993 and has an effective year built of 1933. The property record card also disclosed the subject dwelling has a 1,088 square foot basement recreation room, which was not reported by the appellant.

comparables with the same assessment neighborhood code as the subject and located from .04 to 1.39 miles from the subject property. The comparables are improved with 2-story or 2.5-story dwellings of wood siding exterior construction ranging in size from 3,055 to 4,085 square feet of living area. The dwellings range in age from 67 to 103 years old. Each comparable has an unfinished basement, central air conditioning, two fireplaces and a garage ranging in size from 440 to 766 square feet of building area. The comparables have improvement assessments that range from \$79,115 to \$110,187 or from \$24.62 to \$26.97 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$91,177 or \$25.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,361. The subject property has an improvement assessment of \$104,879 or \$29.68 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .44 of a mile from the subject property. The comparables are improved with 2-story, 2.5-story or 3-story dwellings of wood siding, brick, stucco, or brick and wood siding exterior construction ranging in size from 3,421 to 3,650 square feet of living area. The dwellings were built from 1900 to 1926 and have reported effective ages ranging from 1926 to 1971. Each comparable has a basement, three of which are finished with a recreation room. The comparables each have central air conditioning, one to three fireplaces and a garage ranging in size from 441 to 720 square feet of building area. The comparables have improvement assessments that range from \$120,740 to \$139,507 or from \$35.06 to \$39.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #1, #2 and #3 due to differences from the subject in age, dwelling size and/or lack of a basement recreation room.

The Board finds the best evidence of assessment equity to be board of review comparables #4 and #5, which are overall more similar to the subject in dwelling size, age and most features. These two comparables have improvement assessments of \$120,740 and \$134,827 or \$35.06 and \$39.33 per square foot of living area, respectively. The subject's improvement assessment of \$104,879 or \$29.68 per square foot of living area falls below the two best comparables in the record both in terms of overall improvement assessment and on a square foot basis. Based on

this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
