

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marshall Dapin  
DOCKET NO.: 20-02289.001-R-1  
PARCEL NO.: 16-27-307-016

The parties of record before the Property Tax Appeal Board are Marshall Dapin, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,368  
**IMPR.:** \$145,353  
**TOTAL:** \$179,721

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 2,434 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and a 529 square foot garage. The property has an approximately 6,070 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction with either 2,327 or 2,434 square feet of living area. The dwellings are each 32 years old. Each comparable has a basement, one of which has finished area. Each comparable has central air conditioning, a

fireplace and a garage with either 529 or 621 square feet of building area. The comparables have improvement assessments that range from \$128,175 to \$136,651 or from \$55.08 to \$56.41 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$136,304 or \$56.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,721. The subject property has an improvement assessment of \$145,353 or \$59.72 per square foot of living area.

In response to the appeal, the board of review provided a duplicate copy of the appellant's grid analysis with a handwritten notation that reads "please noted [sic] finished basement area" and also emphasizing the appellant's comparables #2, #3 and #4 have unfinished basements.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction, each built in 1988 and containing 2,434 square feet of living area. Each comparable has a basement finished with a recreation room, central air conditioning, a fireplace and a garage with 529 square feet of building area. The comparables have improvement assessments that range from \$142,381 to \$146,130 or from \$58.50 to \$60.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables, as comparables #1, #3 and #4 are less similar in size to the subject in dwelling and comparables #2, #3 and #4 lack a basement recreation room, a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables, which are identical to the subject in dwelling size, design, age and most features. The comparables have improvement assessments that range from \$142,381 to \$146,130 or from \$58.50 to \$60.04 per square foot of living area. The subject's improvement assessment of \$145,353 or \$59.72 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
