

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jill Iantoni  
DOCKET NO.: 20-02290.001-R-1  
PARCEL NO.: 16-34-309-008

The parties of record before the Property Tax Appeal Board are Jill Iantoni, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$74,878  
**IMPR.:** \$106,252  
**TOTAL:** \$181,130

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,742 square feet of living area. The dwelling was built in 1961 and is approximately 59 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, an inground swimming pool, and an attached garage with 506 square feet of building area. The property has a site with approximately 20,010 square feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with 2-story dwellings of brick exterior construction ranging in size from 2,600 to 3,124 square feet of living area. The dwellings range in age from 54 to 90 years old and have full basements with three having finished area. Each comparable has central air

conditioning, one fireplace, and an attached garage ranging in size from 276 to 529 square feet of building area. Each comparable has the same assessment neighborhood code as the subject property. The comparables have improvement assessments ranging from \$98,462 to \$118,437 or from \$34.58 to \$37.91 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$100,494.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,130. The subject property has an improvement assessment of \$106,252 or \$38.75 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with 1.5-story or 2-story dwellings of brick exterior construction ranging in size from 2,416 to 3,149 square feet of living area. The homes were built from 1963 to 1968 with comparable #4 having an effective year built of 1971. Each comparable has a full unfinished basement and an attached garage ranging in size from 484 to 749 square feet of building area. Three comparables have central air conditioning and three comparables each have one or two fireplaces. Each comparable has the same assessment neighborhood code as the subject. The comparables have improvement assessments ranging from \$96,102 to \$123,128 or from \$39.10 to \$39.78 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 due to their considerably older age and/or having finished basement area when compared to the subject. The Board finds the best evidence of assessment equity to be appellant's comparable #3 and the board of review comparables which overall are more similar to the subject in location, age, dwelling size and features. However, each comparable lacks an inground swimming pool which is a feature of the subject. Nevertheless, these best comparables have improvement assessments that range from \$96,102 to \$123,128 or from \$37.87 to \$39.78 per square foot of living area. The subject's improvement assessment of \$106,252 or \$38.75 per square foot of living area is within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
