

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dominic Ugolini  
DOCKET NO.: 20-02292.001-R-1  
PARCEL NO.: 16-15-429-018

The parties of record before the Property Tax Appeal Board are Dominic Ugolini, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,899  
**IMPR.:** \$145,336  
**TOTAL:** \$184,235

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,172 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and an attached garage with 540 square feet of building area. The property has a 9,674 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with two-story dwellings of stone, brick, or wood siding exterior construction that range in size from 2,688 to 3,288 square feet of living area. The dwellings range in age from 34 to 51 years old. Each comparable has a full unfinished basement, central air conditioning, one fireplace and an attached garage ranging in size from 480 to 716 square feet of

building area. The comparables have improvement assessments that range from \$115,976 to \$139,181 or from \$37.83 to \$44.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$133,699.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$184,235. The subject property has an improvement assessment of \$145,336 or \$45.82 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables located within the same assessment neighborhood as the subject property and where comparable #4 is the same property as appellant's comparable #4. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,868 to 3,059 square feet of living area. The dwellings were built from 1984 to 1995. Each comparable has a full unfinished basement, central air conditioning, one fireplace, and an attached garage ranging in size from 483 to 716 square feet of building area. The comparables have improvement assessments ranging from \$126,324 to \$140,992 or from \$44.05 to \$47.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration as one comparable was common to both parties. The Board gives less weight to the appellant's comparables #1, #2 and #3 for difference in age when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which includes the common comparable. These comparables are more similar in location, age, dwelling size and features. However, each comparable has an unfinished basement unlike the subject. Nevertheless, these comparables have improvement assessments ranging from \$126,324 to \$140,992 or from \$44.05 to \$47.92 per square foot of living area. The subject's improvement assessment of \$145,336 or \$45.82 per square foot of living area falls within the range established by the best comparables in the record on a per square foot basis but higher on an overall basis. The higher overall improvement assessment is logical considering the subject's finished basement. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
