

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marilyn Levy
DOCKET NO.: 20-02300.001-R-1
PARCEL NO.: 16-27-307-033

The parties of record before the Property Tax Appeal Board are Marilyn Levy, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,368
IMPR.: \$140,971
TOTAL: \$175,339

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of brick exterior construction with 2,394 square feet of living area. The dwelling was constructed in 1988 and is approximately 32 years old. Features of the home include a full basement that is finished with a recreation room, central air conditioning, a fireplace, three full-baths, one half-bath and a 575 square foot garage. The property has an approximately 5,400 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story dwellings of brick exterior construction with 2,394 or 2,418 square feet of living area. Each dwelling is 32 years old and has an unfinished full basement, central air

conditioning, a fireplace, two full-baths, one half-bath and a garage with either 529 or 575 square feet of building area. The comparables have improvement assessments of \$133,249 and \$134,252 or \$55.52 and \$55.66 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$133,106 or \$55.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$175,339. The subject property has an improvement assessment of \$140,971 or \$58.89 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story dwellings of brick exterior construction, each built in 1988. Each dwelling has 2,394 square feet of living area, a full basement that is finished with a recreation room, central air conditioning, a fireplace and a garage with 575 square feet of building area. Each comparable has either two or three full-baths and one half-bath. The comparables have improvement assessments that range from \$135,620 to \$140,971 or from \$56.65 to \$58.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their lack of a basement recreation room, a feature of the subject.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which are identical to the subject in dwelling size, design, age and most features, except two of the comparables have one fewer full-bath when compared to the subject, suggesting an upward adjustment would be required to make these comparables more equivalent to the subject. These three comparables have improvement assessments ranging from \$135,620 to \$140,971 or from \$56.65 to \$58.89 per square foot of living area. The subject has an improvement assessment of \$140,971 or \$58.89 per square foot of living area, which is identical to the assessment of board of review comparable #2, the only comparable with same number of full-baths as the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
