

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Reid Sigman
DOCKET NO.: 20-02308.001-R-1
PARCEL NO.: 16-22-301-042

The parties of record before the Property Tax Appeal Board are Reid Sigman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,254
IMPR.: \$104,708
TOTAL: \$170,962

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 2,389 square feet of living area. The dwelling was built in 1978 and is 42 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 528 square foot attached garage. The property has a 15,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,400 to 2,791 square feet of living area and are 43 to 54 years old. The comparables have basements, three of which have finished area. Each comparable has central air conditioning and an attached garage ranging in size from 441 to 606 square feet of

building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$73,434 to \$107,900 or from \$36.61 to \$39.27 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,962. The subject has an improvement assessment of \$104,708 or \$43.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick and wood siding exterior construction with each having 2,389 square feet of living area. The comparables were built in 1977. All comparables have basements, one of which has a recreation room. Each comparable has central air conditioning, one fireplace and an attached 528 square foot garage. The comparables have improvement assessments ranging from \$106,168 to \$112,848 or from \$44.44 to \$47.24 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables as well as board of review comparable #4 which are dissimilar in age, dwelling size and/or finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, #3 and #5 which are identical or nearly identical to the subject in dwelling size, age, design, and features. These comparables have improvement assessments ranging from \$106,168 to \$108,333 or from \$44.44 to \$45.35 per square foot of living area. The subject's improvement assessment of \$104,708 or \$43.83 per square foot of living area, falls below the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
