

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Schneider  
DOCKET NO.: 20-02315.001-R-1  
PARCEL NO.: 15-23-301-060

The parties of record before the Property Tax Appeal Board are Mark Schneider, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,558  
**IMPR.:** \$134,242  
**TOTAL:** \$168,800

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,393 square feet of living area. The dwelling was constructed in 1993 and is approximately 27 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 400 square foot garage. The property has an approximately 9,580 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 3,125 to 3,502 square feet of living area. The dwellings range in age from 25 to 27 years old. The comparables each have a concrete slab foundation, central air conditioning, one or two fireplaces

and a garage containing either 441 or 483 square feet of building area. The comparables have improvement assessments that range from \$106,818 to \$118,557 or from \$31.54 to \$36.96 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$115,022 or \$33.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$168,800. The subject property has an improvement assessment of \$134,242 or \$39.56 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction with 3,354 or 3,393 square feet of living area. The dwellings were built in 1993 or 1994. Each comparable has a concrete slab foundation, central air conditioning, one fireplace and a garage containing either 400 or 441 square feet of building area. The comparables have improvement assessments that range from \$133,592 to \$134,611 or from \$39.56 to \$39.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds all of the comparables are similar to the subject in dwelling size, design, age and some features. However, the Board has given most weight to board of review comparables #2, #3, #4 and #5 which are identical to the subject in dwelling size, design, age and most features. These four comparables have improvement assessments of \$134,242 and \$134,611 or \$39.56 and \$39.67 per square foot of living area. The subject's improvement assessment of \$134,242 or \$39.56 per square foot of living area appears to be well supported, given it is identical to three of the four best comparables and slightly below the remaining comparable. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
