

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fern Shapiro  
DOCKET NO.: 20-02320.001-R-1  
PARCEL NO.: 15-06-402-021

The parties of record before the Property Tax Appeal Board are Fern Shapiro, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$26,880  
**IMPR.:** \$107,060  
**TOTAL:** \$133,940

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,511 square feet of living area. The dwelling was constructed in 1989 and is approximately 31 years old. Features of the home include a basement that is finished with a recreation room, central air conditioning, a fireplace and a 400 square foot garage. The property has a 9,900 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction with 2,643 or 2,678 square feet of living area. The dwellings range in age from 27 to 31 years old. The comparables each have an unfinished basement, central air conditioning, one fireplace and a garage containing

either 420 or 497 square feet of building area. The comparables have improvement assessments that range from \$101,769 to \$103,446 or from \$38.46 to \$39.14 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$97,364 or \$38.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$133,940. The subject property has an improvement assessment of \$107,060 or \$42.64 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding or wood siding and brick exterior construction with 2,474 or 2,499 square feet of living area. The dwellings were built from 1990 to 1992. The comparables each have a basement that is finished with a recreation room, central air conditioning, one fireplace and a garage containing either 400 or 484 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$108,739 to \$111,765 or from \$43.63 to \$45.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables as each dwelling has an unfinished basement in contrast to the subject dwelling's basement that is finished with a recreation room. The Board has given reduced weight to board of review comparable #3 as it has an inground swimming pool, not a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4, which are overall more similar to the subject in dwelling size, design, age and features. These comparables have improvement assessments that range from \$108,739 to \$109,905 or from \$43.63 to \$43.98 per square foot of living area. The subject's improvement assessment of \$107,060 or \$42.64 per square foot of living area falls below the range established by the best comparables in the record both in terms of overall improvement assessment and on a square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
