

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Shen  
DOCKET NO.: 20-02322.001-R-1  
PARCEL NO.: 15-21-209-007

The parties of record before the Property Tax Appeal Board are Jerry Shen, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,002  
**IMPR.:** \$129,985  
**TOTAL:** \$171,987

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,921 square feet of living area. The dwelling was constructed in 1996 and is approximately 24 years. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 506 square foot garage. The property has a 10,480 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,861 to 3,243 square feet of living area. The dwellings range in age from 19 to 24 years old. The comparables each have an unfinished basement, central air conditioning and a garage

ranging in size from 506 to 776 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$124,300 to \$147,862 or from \$41.70 to \$45.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$127,574 or \$43.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,985. The subject property has an improvement assessment of \$137,983 or \$47.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,861 to 3,003 square feet of living area. The dwellings were built in 1996 or 1998. The comparables each have a basement, four of which are finished with a recreation room. Each comparable has central air conditioning and a garage ranging in size from 483 to 690 square feet of building area. Four comparables each have one or two fireplaces. Comparable #1 has an inground swimming pool. The comparables have improvement assessments that range from \$144,373 to \$149,270 or from \$48.21 to \$50.46 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the board of review comparables due to their inground swimming pool or basement recreation room, neither of which are features of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables. The Board finds these four comparables are relatively similar to the subject in dwelling size, design, age and some features. The comparables have improvement assessments that range from \$124,300 to \$147,862 or from \$41.70 to \$45.59 per square foot of living area. The subject's improvement assessment of \$137,983 or \$47.24 per square foot of living area falls within the range established by the best comparables in the record in terms of overall improvement assessment value but above the range on a square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
