

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sam Shulman
DOCKET NO.: 20-02324.001-R-1
PARCEL NO.: 15-33-105-006

The parties of record before the Property Tax Appeal Board are Sam Shulman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,585
IMPR.: \$109,812
TOTAL: \$143,397

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,124 square feet of living area. The dwelling was constructed in 1983 and is approximately 37 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 400 square foot garage. The property has an approximately 10,750 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,460 to 2,490 square feet of living area. The dwellings range in age from 34 to 41 years old. The comparables each have an unfinished basement, central air conditioning and a garage

ranging in size from 420 to 460 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$101,700 to \$106,906 or from \$41.09 to \$43.28 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$89,898 or \$42.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$143,397. The subject property has an improvement assessment of \$109,812 or \$51.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,053 to 2,077 square feet of living area. The dwellings were built from 1985 to 1988 with comparable #4 having a reported effective age of 1986. The comparables each have a full or partial basement, three of which are finished with a recreation room. Each comparable has central air conditioning and a garage ranging in size from 380 to 504 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$108,983 to \$111,796 or from \$52.47 to \$53.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds all the comparables are similar to the subject in location, design and age. However, the Board finds the appellant's comparables are somewhat larger in dwelling size and have unfinished basements when compared to the subject dwelling, while the board of review comparables are more similar in dwelling size but three comparables each have a basement recreation room, not a feature of the subject, suggesting adjustments for these differences would be required to make the comparables more equivalent to the subject. Nevertheless, the eight comparables have improvement assessments that range from \$101,700 to \$111,796 or from \$41.09 to \$53.83 per square foot of living area. The subject's improvement assessment of \$109,812 or \$51.70 per square foot of living area falls within the range established by the comparables in the record both in terms of overall improvement assessment and on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
