

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tadeusz & Malgorzata Sieklucki  
DOCKET NO.: 20-02327.001-R-1  
PARCEL NO.: 15-23-402-017

The parties of record before the Property Tax Appeal Board are Tadeusz & Malgorzata Sieklucki, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,996  
**IMPR.:** \$100,535  
**TOTAL:** \$166,531

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 2,620 square feet of living area. The dwelling was constructed in 1968 and is approximately 52 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 575 square foot garage. The property has an approximately 20,040 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,318 to 2,830 square feet of living area. The dwellings range in age from 50 to 56 years old. The comparables each have a basement, one of which has finished area and a walk-out design. Each

comparable has central air conditioning, a fireplace and a garage ranging in size from 484 to 625 square feet of building area. The comparables have improvement assessments that range from \$72,880 to \$90,336 or from \$30.65 to \$32.24 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$82,333 or \$31.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,531. The subject property has an improvement assessment of \$100,535 or \$38.37 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,605 to 2,615 square feet of living area. The dwellings were built from 1964 to 1971. The comparables each have a basement, two of which are finished with a recreation room. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 483 to 552 square feet of building area. The comparables have improvement assessments that range from \$108,010 to \$112,239 or from \$41.46 to \$42.97 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellants' comparable #3 and board of review comparables #2 and #3 as each dwelling has a finished basement, while the subject dwelling has an unfinished basement.

The Board finds the best evidence of assessment equity to be the appellants' comparables #1, #2 and #4, along with board of review comparables #1, #4 and #5, which are overall more similar to the subject dwelling size, design, age and features. The six comparables have improvement assessments that range from \$72,880 to \$111,468 or from \$30.65 to \$42.63 per square foot of living area. The subject's improvement assessment of \$100,535 or \$38.37 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
