

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barry May
DOCKET NO.: 20-02400.001-R-1
PARCEL NO.: 15-13-402-006

The parties of record before the Property Tax Appeal Board are Barry May, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,061
IMPR.: \$113,254
TOTAL: \$152,315

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,496 square feet of living area. The dwelling was constructed in 1978 and is approximately 42 years. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 570 square foot garage. The property also has a 336 square foot inground swimming pool.¹ The property has a 5,000 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .20

¹ The subject's property record card provided by the board of review revealed the subject has an inground swimming pool, which was not reported by the appellant.

of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or dryvit exterior construction ranging in size from 2,535 to 3,132 square feet of living area. The dwellings range in age from 23 to 47 years old. Each comparable has a basement, one of which has finished area, central air conditioning, one or four fireplaces and a garage ranging in size from 529 to 588 square feet of building area. The comparables have improvement assessments that range from \$108,248 to \$131,271 or from \$41.91 to \$42.70 per square foot of living area. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$105,268 or \$42.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$152,315. The subject property has an improvement assessment of \$113,254 or \$45.37 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .15 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 2,434 to 2,489 square feet of living area. The dwellings were built from 1977 to 1994. Each comparable has a basement, three of which have finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 420 to 582 square feet of building area. Comparable #3 has an inground swimming pool and comparable #4 has a hot tub. The comparables have improvement assessments that range from \$112,777 to \$121,572 or from \$45.49 to \$49.95 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to its significantly larger dwelling, when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, dwelling size, design and age. However, seven of the best comparables have no inground swimming pool like the subject suggesting an upward adjustment would be required to make the comparables more equivalent to the subject. Additionally, four of the best comparables have basement recreation rooms, not a feature of the subject, which would require a downward adjustment. Nevertheless, the best comparables have improvement assessments that range from \$108,248 to \$121,572 or from \$41.96 to \$49.95 per square foot of living area. The subject's improvement assessment of \$113,254 or \$45.37 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
