

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Inna McNally  
DOCKET NO.: 20-02408.001-R-1  
PARCEL NO.: 15-31-102-002

The parties of record before the Property Tax Appeal Board are Inna McNally, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$50,918  
**IMPR.:** \$145,556  
**TOTAL:** \$196,474

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,290 square feet of living area.<sup>1</sup> The dwelling was constructed in 1985. Features of the home include a basement, that has finished area, central air conditioning, two fireplaces, an attached 851 square foot garage and a swimming pool. The property has an approximately 46,170 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located from .23 to .44 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 2,980 to 3,366 square feet of living area. The

dwellings were built from 1978 to 1980. The comparables have basements, one of which has finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 528 to 989 square feet of building area. The comparables have improvement assessments that range from \$119,633 to \$137,323 or from \$40.15 to \$40.80 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$196,474. The subject property has an improvement assessment of \$145,556 or \$44.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located from .17 to .36 of a mile from the subject. The comparables are improved with 1-story, 1.5-story or 2-story dwellings containing from 3,177 to 3,473 square feet of living area. The dwellings were built from 1979 to 1987. The comparables have basements, one of which has finished area, central air conditioning, one, two or three fireplaces and an attached garage ranging in size from 891 to 1,089 square feet of building area. The comparables have improvement assessments that range from \$146,441 to \$162,642 or from \$42.17 to \$51.19 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #2 and #3, due to their dissimilar style of dwelling when compared to the subject. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject. However, each of the parties' best comparables lack a swimming pool, unlike the subject, and only the appellant's comparable #1 has finished basement area, like the subject. Nevertheless, the best comparables have improvement assessments that range from \$119,633 to \$146,441 or from \$40.15 to \$42.17 per square foot of living area. The subject's improvement assessment of \$145,556 or \$44.24 per square foot of living area falls within the range established by the best comparables in the record on a total improvement assessment basis but above the range on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's higher per square foot improvement assessment is justified. Based on this evidence the Board finds a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
