

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew & Amy Meliker
DOCKET NO.: 20-02410.001-R-1
PARCEL NO.: 15-20-305-011

The parties of record before the Property Tax Appeal Board are Matthew & Amy Meliker, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,319
IMPR.: \$142,053
TOTAL: \$182,372

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with wood siding exterior construction containing 2,900 square feet of living area. The dwelling was constructed in 1996. Features of the home include a basement, that has finished area, central air conditioning, a fireplace and an attached 620 square foot garage. The property has an approximately 11,760 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellants submitted assessment information on four equity comparables that are located from .08 to .27 of a mile from the subject. The comparables are improved with two-story dwellings containing from 2,871 to 3,196 square feet of living area. The dwellings were built in 1995 or 1996. The comparables have basements, one of which has finished area, central air conditioning, one or two fireplaces and an attached garage

ranging in size from 639 to 713 square feet of building area. The comparables have improvement assessments ranging from \$121,763 to \$134,713 or from \$42.02 to \$42.74 per square foot of living area.

Based on this evidence the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,372. The subject property has an improvement assessment of \$142,053 or \$48.98 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables that are located from .04 to .28 of a mile from the subject. The comparables are improved with two-story dwellings containing from 2,853 to 2,871 square feet of living area. The dwellings were built from 1995 to 1997. The comparables have basements, each of which have finished area, central air conditioning and an attached 639 or 649 square foot garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$131,183 to \$142,658 or from \$45.93 to \$50.00 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity with respect to the subject's improvement as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables due to their larger dwelling size and/or their lack of finished basement area, when compared to the subject. The Board finds the board of review's comparables are similar to the subject in location, style, age, size and most features. The best comparables have improvement assessments ranging from \$131,183 to \$142,658 or from \$45.93 to \$50.00 per square foot of living area. The subject's improvement assessment of \$142,053 or \$48.98 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
