

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Morand
DOCKET NO.: 20-02418.001-R-1
PARCEL NO.: 15-28-101-026

The parties of record before the Property Tax Appeal Board are Gregory Morand, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,854
IMPR.: \$135,730
TOTAL: \$174,584

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 3,166 square feet of living area. The dwelling was constructed in 1988. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 462 square foot garage. The property has a 15,110 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located from .04 to .21 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 3,214 to 3,315 square feet of living area. The dwellings were built in 1988 or 1990. The comparables have basements, one of which has finished area, central air conditioning and an attached garage ranging in size from 441 to 630

square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$122,167 to \$133,958 or from \$38.01 to \$40.43 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,584. The subject property has an improvement assessment of \$135,730 or \$42.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that are located from .05 to .11 of a mile from the subject. The comparables are improved with 2-story dwellings containing 3,166 square feet of living area. The dwellings were built from 1988 to 1992. The comparables have basements, four of which have finished area, central air conditioning, one or two fireplaces and an attached 462 or 704 square foot garage. One comparable has a swimming pool and a gazebo. The comparables have improvement assessments that range from \$142,374 to \$157,096 or from \$44.97 to \$49.62 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4, as well as the board of review's comparables #2 through #5, due to their finished basement area, unlike the subject. In addition, the board of review's comparable #4 has a swimming pool and a gazebo, which are not features of the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, size and most features. The best comparables have improvement assessments ranging from \$122,167 to \$142,374 or from \$38.01 to \$44.97 per square foot of living area. The subject's improvement assessment of \$135,730 or \$42.87 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
