

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Muller
DOCKET NO.: 20-02420.001-R-1
PARCEL NO.: 15-04-303-100

The parties of record before the Property Tax Appeal Board are Daniel Muller, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,488
IMPR.: \$151,937
TOTAL: \$187,425

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,684 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement, that has finished area, central air conditioning, a fireplace and an attached 441 square foot garage. The property has an approximately 11,450 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located from .05 to .38 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 2,693 to 2,884 square feet of living area. The dwellings were built in 1990 or 1991. The comparables have basements, two of which have finished area, central air conditioning, a fireplace and an attached garage ranging in size from

441 to 690 square feet of building area. The comparables have improvement assessments that range from \$125,977 to \$135,277 or from \$46.12 to \$50.23 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,425. The subject property has an improvement assessment of \$151,937 or \$56.61 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that are located from .06 to .50 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 2,534 to 2,670 square feet of living area. The dwellings were built from 1990 to 1992. The comparables have basements, each of which have finished area, central air conditioning, a fireplace and an attached garage ranging in size from 441 to 651 square feet of building area. The comparables have improvement assessments that range from \$143,872 to \$155,024 or from \$56.78 to \$58.24 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3, as well as the board of review's comparables #1, #2 and #5, due to their larger amount of finished basement area or their lack of finished basement area, when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, size and most features. The best comparables have improvement assessments ranging from \$133,019 to \$155,024 or from \$46.12 to \$58.24 per square foot of living area. The subject's improvement assessment of \$151,937 or \$56.61 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
