

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shiladitya Niyogi
DOCKET NO.: 20-02430.001-R-1
PARCEL NO.: 15-29-212-013

The parties of record before the Property Tax Appeal Board are Shiladitya Niyogi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,328
IMPR.: \$106,121
TOTAL: \$136,449

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,048 square feet of living area. The dwelling was constructed in 1980. Features of the home include a basement, that has finished area, central air conditioning, a fireplace and an attached 440 square foot garage. The property has an approximately 8,200 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located from .19 to .58 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 2,103 to 2,348 square feet of living area. The dwellings were built from 1975 to 1984. The comparables have basements, three of which have finished area, central air conditioning and an attached garage ranging in size from 420 to 462

square feet of building area. Two comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$99,828 to \$110,687 or from \$45.09 to \$47.47 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,449. The subject property has an improvement assessment of \$106,121 or \$51.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that are located from .09 to .15 of a mile from the subject. The comparables are improved with 2-story dwellings containing 2,048 square feet of living area. The dwellings were built in 1979 or 1980. The comparables have basements, each of which have finished area, central air conditioning and an attached 440 square foot garage. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$106,149 to \$111,687 or from \$51.83 to \$54.53 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their differences in size and/or age, when compared to the subject. The Board finds the board of review's comparables are nearly identical to the subject in location, style, age, size and most features. The best comparables have improvement assessments ranging from \$106,149 to \$111,687 or from \$51.83 to \$54.53 per square foot of living area. The subject's improvement assessment of \$106,121 or \$51.82 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
