

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Walter Parenti  
DOCKET NO.: 20-02437.001-R-1  
PARCEL NO.: 15-14-403-035

The parties of record before the Property Tax Appeal Board are Walter Parenti, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,978  
**IMPR.:** \$307,435  
**TOTAL:** \$373,413

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 5,602 square feet of living area. The dwelling was constructed in 2000. Features of the home include a basement, that has finished area, central air conditioning, three fireplaces and an attached 831 square foot garage. The property has an approximately 20,000 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located from .16 to .42 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 5,066 to 5,480 square feet of living area. The dwellings were built from 1995 to 2009. The comparables have basements, one of which has finished area, central air conditioning, one or two fireplaces and an attached garage ranging in

size from 682 to 1,058 square feet of building area. The comparables have improvement assessments ranging from \$205,868 to \$282,128 or from \$37.57 to \$52.63 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$373,413. The subject property has an improvement assessment of \$307,435 or \$54.88 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that are located from .10 to .51 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 4,825 to 5,431 square feet of living area. The dwellings were built from 2005 to 2009. The comparables have basements, each of which have finished area, central air conditioning, from one to four fireplaces and an attached garage ranging in size from 690 to 903 square feet of building area. One comparable has a swimming pool. The comparables have improvement assessments ranging from \$270,171 to \$305,454 or from \$55.49 to \$56.76 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #4, due to their lack of finished basement area, unlike the subject. The Board also gives less weight to the board of review's comparable #5 due its swimming pool feature, which is not a feature of the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, age and most features. However, each of the parties' best comparables have a smaller dwelling when compared to the subject. Nevertheless, the best comparables have improvement assessments ranging from \$205,868 to \$305,454 or from \$37.57 to \$56.76 per square foot of living area. The subject's improvement assessment of \$307,435 or \$54.88 per square foot of living area falls slightly above the range established by the best comparables in the record on a total improvement assessment basis but within the range on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their smaller dwelling size, the Board finds the subject's slightly higher total improvement assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
