

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marsha Park
DOCKET NO.: 20-02438.001-R-1
PARCEL NO.: 15-17-408-004

The parties of record before the Property Tax Appeal Board are Marsha Park, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,706
IMPR.: \$192,443
TOTAL: \$258,149

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 4,685 square feet of living area. The dwelling was constructed in 1988. Features of the home include a basement, that has finished area, central air conditioning, two fireplaces and an attached 936 square foot garage. The property has an approximately 20,080 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located from .28 to .52 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 4,237 to 4,738 square feet of living area. The dwellings were built from 1989 to 1991. The comparables have basements, one of which has finished area, central air conditioning, a fireplace and an attached garage ranging in size from

759 to 1,152 square feet of building area. Two comparables also have a detached garage. The comparables have improvement assessments ranging from \$140,727 to \$172,052 or from \$31.97 to \$36.31 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$258,149. The subject property has an improvement assessment of \$192,443 or \$41.08 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that are located from .04 to .54 of a mile from the subject. The comparables are improved with 2-story dwellings containing from 4,043 to 4,437 square feet of living area. The dwellings were built from 1988 to 1990. The comparables have basements, each of which have finished area, central air conditioning, a fireplace and an attached garage ranging in size from 828 to 1,074 square feet of building area. One comparable has a swimming pool and a hot tub. The comparables have improvement assessments ranging from \$167,360 to \$189,835 or from \$40.20 to \$42.83 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3 and #4, due to their lack of finished basement area, unlike the subject. The Board also gives less weight to the board of review's comparable #3 due its swimming pool and hot tub features, which are not features of the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, age and most features. However, four of the parties' best comparables have a smaller dwelling when compared to the subject. Nevertheless, the best comparables have improvement assessments ranging from \$167,360 to \$189,835 or from \$36.31 to \$42.83 per square foot of living area. The subject's improvement assessment of \$192,443 or \$41.08 per square foot of living area falls slightly above the range established by the best comparables in the record on a total improvement assessment basis but within the range on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their smaller dwelling size, the Board finds the subject's slightly higher total improvement assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
