

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Power  
DOCKET NO.: 20-02449.001-R-1  
PARCEL NO.: 15-36-101-021

The parties of record before the Property Tax Appeal Board are William Power, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$103,791  
**IMPR.:** \$577,787  
**TOTAL:** \$681,578

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick construction with 9,790 square feet of living area. The dwelling was constructed in 2007. Features of the home include a crawl-space foundation, central air conditioning, four fireplaces, an attached 1,144 square foot garage and a swimming pool.<sup>1</sup> The property has an approximately 91,110 square foot site and is located in Riverwoods, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located from .43 of a mile to 1.47 miles from the subject. The comparables are improved with 2-story dwellings containing from 7,509 to 8,530 square feet of living area.

---

<sup>1</sup> The subject's property record card provided by the board of review revealed the subject has a swimming pool, which was not reported by the appellant.

The dwellings were built from 2006 to 2011. The comparables have basements, three of which have finished area, central air conditioning, from two to five fireplaces and an attached garage ranging in size from 888 to 1,120 square feet of building area. One comparable also has a detached garage. The comparables have improvement assessments ranging from \$333,231 to \$474,150 or from \$42.06 to \$55.59 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$681,578. The subject property has an improvement assessment of \$577,787 or \$59.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located from .27 of a mile to 1.40 miles from the subject. The comparables are improved with 1-story or 2-story dwellings containing from 7,776 to 9,286 square feet of living area. The dwellings were built from 1998 to 2009. The comparables have basements, each of which have finished area and one of which has a walkout. The comparables have central air conditioning, from three to five fireplaces and an attached garage ranging in size from 1,003 to 3,332 square feet of building area. One comparable has a swimming pool. The comparables have improvement assessments ranging from \$509,817 to \$592,659 or from \$60.84 to \$66.39 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration, none of which have a crawl-space foundation like the subject. Nevertheless, the Board gives less weight to the appellant's comparables #1, #2 and #3, due to their smaller dwelling size when compared to the subject. The Board also gives less weight to the board of review's comparables #3 and #4, due to their smaller dwelling size or their dissimilar 1-story style dwelling, when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in style, age and some features. The best comparables have improvement assessments ranging from \$474,150 to \$590,149 or from \$55.59 to \$63.55 per square foot of living area. The subject's improvement assessment of \$577,787 or \$59.02 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
