

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Bauer
DOCKET NO.: 20-02469.001-R-1
PARCEL NO.: 15-21-301-007

The parties of record before the Property Tax Appeal Board are Michael Bauer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,437
IMPR.: \$172,000
TOTAL: \$218,437

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 3,538 square feet of living area. The dwelling was constructed in 1995. Features of the home include a 1,706 square foot basement, that has finished area, central air conditioning, a fireplace and an attached 693 square foot garage. The property has a 18,730 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located from .07 to .29 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding or dryvit exterior construction containing from 3,429 to 3,754 square feet of living area. The dwellings were built from 1996 to 1999. The comparables have full or partial basements, each of which have finished area, central air

conditioning, one or two fireplaces and an attached garage ranging in size from 630 to 714 square feet of building area. The comparables have improvement assessments ranging from \$146,837 to \$167,647 or from \$42.29 to \$44.76 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$225,648. The subject property has an improvement assessment of \$179,211 or \$50.65 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three comparable properties that are located from .02 to .09 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding and brick exterior construction containing from 3,057 to 3,395 square feet of living area. The dwellings were built in 1996 or 1997. The comparables have full basements, two of which have finished area, central air conditioning, one or two fireplaces and an attached garage ranging in size from 629 to 873 square feet of building area. The comparables have improvement assessments ranging from \$156,404 to \$172,275 or from \$50.74 to \$51.72 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the board of review's comparables #1 and #2, due to their smaller dwelling size when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, size and most features. The best comparables have improvement assessments ranging from \$146,837 to \$172,275 or from \$42.29 to \$50.74 per square foot of living area. The subject's improvement assessment of \$179,211 or \$50.65 per square foot of living area falls above the range established by the best comparables in the record on a total improvement assessment basis but within the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's higher total improvement assessment is excessive. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
