

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Booker
DOCKET NO.: 20-02480.001-R-1
PARCEL NO.: 15-30-102-008

The parties of record before the Property Tax Appeal Board are Brian Booker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,129
IMPR.: \$237,403
TOTAL: \$288,532

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction with 4,256 square feet of living area. The dwelling was built in 1986. Features of the home include a 3,116 square foot walkout basement, that has finished area, central air conditioning, 4 full bathrooms and 2 half bathrooms, three fireplaces, an attached 962 square foot garage and a swimming pool. The property has an approximately 60,110 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located from .16 to .37 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,758 to 4,067 square feet of living area. The dwellings were built from 1986 to 1988. The

comparables have basements, one of which has a walkout and two of which have finished area, central air conditioning, 3.5 or 4.5 bathrooms, from one to three fireplaces and an attached garage ranging in size from 759 to 864 square feet of building area. One comparable also has a detached garage. The comparables have improvement assessments ranging from \$166,559 to \$203,243 or from \$43.72 to \$49.97 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$288,532. The subject property has an improvement assessment of \$237,403 or \$55.78 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties that are located from .09 to .37 of a mile from the subject. The board of review's comparable #1 is the same property as the appellant's comparable #4. The comparables are improved with 2-story dwellings of wood siding or brick exterior construction ranging in size from 3,595 to 4,412 square feet of living area. The dwellings were built from 1986 to 1991, with the home built in 1986 having a 1990 effective age. The comparables have basements, three of which have finished area, central air conditioning, 3.5 or 4.5 bathrooms, two or three fireplaces, and an attached garage ranging in size from 759 to 1,275 square feet of building area. Three comparables each have a swimming pool. The comparables have improvement assessments ranging from \$203,243 to \$230,462 or from \$49.97 to \$64.11 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the appellant's comparable #3, as well as the board of review's comparable #2, due to their smaller dwelling size when compared to the subject. The Board finds the parties' remaining comparables, which includes the parties' common comparable, are similar to the subject in location, style, age and some features. However, each of the parties' best comparables have a smaller number of bathrooms, when compared to the subject, and each has a smaller garage than the subject. In addition, five lack a basement walkout, two lack finished basement area and four lack a swimming pool, when compared to the subject. Nevertheless, the best comparables have

improvement assessments ranging from \$166,559 to \$221,361 or from \$43.72 to \$54.10 per square foot of living area. The subject's improvement assessment of \$237,403 or \$55.78 per square foot of living area falls above the range established by the best comparables in the record, which appears justified given the subject's superior features. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's higher improvement assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
