

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tanmay & Sumitra Patel
DOCKET NO.: 20-02499.001-R-1
PARCEL NO.: 06-10-310-009

The parties of record before the Property Tax Appeal Board are Tanmay & Sumitra Patel, the appellants, by attorney Joan Vasquez of Property Tax Appeals, LLC in Palatine; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,193
IMPR.: \$56,161
TOTAL: \$66,354

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,786 square feet of living area. The dwelling was constructed in 1993. Features of the home include an unfinished basement, central air conditioning and a two-car garage containing 496 square feet of building area. The property has an 8,280 square foot site and is located in Round Lake Beach, Lake Villa Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument, the appellants submitted information on three comparable sales located within .35 of a mile from the subject property, two of which have the same assessment neighborhood code as the subject. The comparables have sites that range in size from 6,100 to 20,040 square feet of land area. The comparables are improved with two-story dwellings of vinyl or wood siding exterior construction ranging in size from 1,564 to 2,331 square feet of living area. The dwellings were

built in 1994 or 1999. Each comparable has an unfinished basement, central air conditioning and a two-car garage. Two comparables each have one fireplace. The appellants also provided the Multiple Listing Service (MLS) listing sheet for each comparable sale indicating comparable #1 sold for \$177,000 with \$6,000 in financing concessions and noting the sellers were motivated; comparable #2 sold for a price of \$158,000 with \$4,740 in financing concessions that is a REO/lender owned property that “needs work” and “sold as-is” through a foreclosure; and comparable #3 is a REO/lender owned property that sold through a foreclosure and noting the basement has discoloration. According to the MLS listing sheets the comparables sold from September 2019 to June 2020 for prices ranging from \$158,000 to \$177,000 or from \$69.07 to \$113.17 per square foot of living area, including land. Based on this evidence, the appellants requested the subject’s assessment be reduced to \$54,661, which would reflect a market value of \$163,999 or \$91.82 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,354. The subject's assessment reflects a market value of \$199,321 or \$111.60 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .31 of a mile from the subject property. The comparables have sites that range in size from 7,410 to 14,810 square feet of land area. The comparables are improved with one-story or two-story dwellings of wood siding exterior construction ranging in size from 1,576 to 1,788 square feet of living area. The dwellings were built from 1992 to 2000. The comparables each have a basement, two of which are finished with a recreation room. Each comparable has central air conditioning and a garage ranging in size from 420 to 702 square feet of building area. Comparable #4 has one fireplace. The comparables sold from June 2019 to June 2020 for prices ranging from \$209,900 to \$226,000 or from \$126.40 to \$142.77 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject’s assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board’s consideration. The Board has given less weight to the appellants’ comparable #3 due to its larger dwelling size when compared to the subject. The Board has given reduced weight to board of review comparables #1, #2 and #5 due to differences from the subject in that they have a basement recreation room,

unlike the subject or a dissimilar one-story design, when compared to the subject's two-story design.

The Board finds the best evidence of market value to be the appellants' comparables #1 and #2, along with board of review comparables #3 and #4, which are overall most similar to the subject in location, dwelling size, design, age and features. These four comparables sold from September 2019 to June 2020 for prices ranging from \$158,000 to \$212,000 or from \$100.25 to \$128.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$199,321 or \$111.60 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
