

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dazhi Chen
DOCKET NO.: 20-02507.001-R-1
PARCEL NO.: 15-16-105-006

The parties of record before the Property Tax Appeal Board are Dazhi Chen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,718
IMPR.: \$162,972
TOTAL: \$203,690

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,834 square feet of living area. The dwelling was constructed in 1994 and is 26 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 440 square foot garage. The property has an approximately 11,720 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 3,037 to 3,256 square feet of living area. The homes are either 27 or 28 years old. Each comparable has a basement, with finished area, central air conditioning, one fireplace and a

garage with either 441 or 469 square feet of building area. The comparables have improvement assessments that range from \$159,830 to \$169,681 or from \$50.98 to \$52.63 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$146,872 or \$51.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,690. The subject has an improvement assessment of \$162,972 or \$57.51 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction that range in size from 2,807 to 2,874 square feet of living area. The homes were built from 1994 to 2001. Each comparable has a basement, two with finished area, central air conditioning and a garage ranging in size from 441 to 921 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$163,779 to \$167,012 or from \$57.79 to \$59.50 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 along with board of review comparables #2 and #3 which are dissimilar in dwelling size when compared to the subject and/or have an unfinished basement, in contrast to the subject's finished basement.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$159,830 to \$166,499 or from \$52.63 to \$57.93 per square foot of living area. The subject's improvement assessment of \$162,972 or \$57.51 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
