

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Koochon Chun
DOCKET NO.: 20-02514.001-R-1
PARCEL NO.: 15-15-304-009

The parties of record before the Property Tax Appeal Board are Koochon Chun, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,988
IMPR.: \$141,939
TOTAL: \$176,927

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,773 square feet of living area. The dwelling was constructed in 1993 and is approximately 27 years old. Features of the home include a basement that is finished with a recreation room,¹ central air conditioning, a fireplace and a 441 square foot garage. The property has an approximately 5,800 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of Dryvit, wood siding or brick exterior construction ranging

¹ The subject's property record card presented by the board of review revealed the subject dwelling's basement is finished with a 1,015 square foot recreation room, which was not reported by the appellant.

in size from 3,039 to 3,336 square feet of living area. The dwellings are 29 or 30 years old. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 420 to 529 square feet of building area. The comparables have improvement assessments that range from \$111,741 to \$155,483 or from \$36.77 to \$47.99 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$118,591 or \$42.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$176,927. The subject property has an improvement assessment of \$141,939 or \$51.19 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with one-story or two-story dwellings of brick exterior construction ranging in size from 2,855 to 3,073 square feet of living area. The dwellings were built from 1990 to 1994. The comparables each have a basement, three of which are finished with a recreation room. Each comparable has central air conditioning, a fireplace and a garage containing either 420 or 505 square feet of building area. The comparables have improvement assessments that range from \$146,765 to \$162,018 or from \$50.17 to \$53.31 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2 due to their larger dwelling sizes when compared to the subject. The Board has also given less weight to the appellant's comparable #3 which appears to be an outlier due to its considerably lower improvement assessment in comparison to the other comparables in the record. The Board gives less weight to board of review comparables #3 and #5 which differ in design when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4, which are overall most similar to the subject in dwelling size, design, age and some features, except one comparable has an unfinished basement in contrast to the subject's basement that is finished with a recreation room, suggesting an upward adjustment would be required to make this comparable more equivalent to the subject. The three comparables have improvement assessments that range from \$146,765 to \$154,181 or from \$50.17 to \$51.77 per square foot of living area. The subject's improvement assessment of \$141,939 or \$51.19 per square foot of

living area falls below the range established by the best comparables in the record in terms of overall improvement assessment but within the range on a square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
