

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ted Valenti
DOCKET NO.: 20-02536.001-R-1
PARCEL NO.: 14-22-102-002

The parties of record before the Property Tax Appeal Board are Ted Valenti, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,607
IMPR.: \$124,456
TOTAL: \$169,063

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 2,472 square feet of living area. The dwelling was constructed in 1978 and is 42 years old. Features of the home include an unfinished walkout basement, central air conditioning, two fireplaces and a 754 square foot garage. The property has an approximately 45,020 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with one-story or split-level dwellings of brick or wood siding exterior construction that range in size from 2,212 to 2,847 square feet of living area. The homes range in age from 33 to 63 years old. Each comparable has a basement, one with finished area,

central air conditioning, one or two fireplaces and a garage ranging in size from 432 to 925 square feet of building area. The comparables have improvement assessments that range from \$89,057 to \$135,939 or from \$40.26 to \$47.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$109,880 or \$44.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,063. The subject has an improvement assessment of \$124,456 or \$50.35 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparable #2 is the same property as the appellant's comparable #3. The comparables are improved with one-story dwellings of brick exterior construction that range in size from 2,654 to 2,847 square feet of living area. The homes were built from 1978 to 1989 with the newest comparable having an effective year built of 2006. Each comparable has an unfinished basement, two of which have a walkout, central air conditioning, one or two fireplaces and a garage ranging in size from 576 to 1,384 square feet of building area. The comparables have improvement assessments that range from \$133,905 to \$146,919 or from \$47.75 to \$50.84 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration, as one property was common to both parties. The Board gives less weight to the appellant's comparables #1 and #2 which differ from the subject in age and/or design. The Board also gives less weight to board of review comparable #4 which has an effective year built of 2006 in contrast to 1978 for the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with board of review comparables #1, #2 and #3, including the common property, which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$119,690 to \$138,272 or from \$47.75 to \$50.84 per square foot of living area. The subject's improvement assessment of \$124,456 or \$50.35 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
