

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Tito
DOCKET NO.: 20-02538.001-R-1
PARCEL NO.: 14-09-302-006

The parties of record before the Property Tax Appeal Board are William Tito, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,903
IMPR.: \$147,922
TOTAL: \$176,825

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and a part two-story dwelling of wood siding exterior construction with 3,038 square feet of living area.¹ The dwelling was constructed in 1993. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 683 square foot garage. The property has a 42,810 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on five four comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding or brick exterior construction that range in

size from 2,943 to 3,926 square feet of living area. The homes are 19 to 33 years old. Each comparable has an unfinished basement with one having a walkout. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 818 to 960 square feet of building area. The comparables have improvement assessments that range from \$135,360 to \$182,766 or from \$42.93 to \$47.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$147,922.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$176,825. The subject has an improvement assessment of \$147,922 or \$48.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are described as improved with one-story or two-story dwellings² of wood siding or brick and wood siding exterior construction with 2,635 to 3,454 square feet of living area. The homes were built from 1989 to 1996. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a 744 to 880 square foot garage. The comparables have improvement assessments that range from \$135,679 to \$175,169 or from \$49.19 to \$52.71 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 **when compared to the subject.**

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, dwelling size and other features. These comparables have improvement assessments that range from \$82,628 to \$89,350 or from \$46.81 to \$51.38 per square foot of living area. The subject's improvement assessment of \$83,605 or \$47.37 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

² Board of review comparable #3 has a ground floor living area of 2,044 square feet with above ground living area of 3,420 square feet, suggesting this is a part two story dwelling.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
