

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Sarna
DOCKET NO.: 20-02541.001-R-1
PARCEL NO.: 14-13-202-039

The parties of record before the Property Tax Appeal Board are Thomas Sarna, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$80,173
IMPR.: \$277,491
TOTAL: \$357,664

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 5,437 square feet of living area.¹ The dwelling was constructed in 2002 and is approximately 18 years old. Features of the home include a basement, central air conditioning, two fireplaces, and an attached garage with 1,169 square feet of building area. The property has a site with approximately 36,002 feet of land area and is located in Long Grove, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located with the same assessment neighborhood code as the subject property and located within 0.24 of a mile from the subject. The comparables are improved with 2-story dwellings

¹ The Board finds the best description of the subjects' dwelling size and garage size is found in the property record card presented by the board of review.

of brick exterior construction that range in size from 5,040 to 5,783 square feet of living area. The dwellings range from 14 to 16 years old. Each comparable has a basement, central air conditioning, one to three fireplaces, and an attached garage ranging in size from 960 to 1,103 square feet of building area. The comparables have improvement assessments that range from \$201,861 to \$259,163 or from \$40.05 to \$44.89 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$243,807 or \$44.84 per square foot of living area, when using 5,437 square feet.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$357,664. The subject property has an improvement assessment of \$277,491 or \$51.04, when using 5,437 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables with the same assessment neighborhood code as the subject property and located within 0.37 of a mile from the subject. The comparables are improved with 2-story dwellings² of brick or brick and wood siding exterior construction ranging in size from 5,272 to 6,041 square feet of living area. The dwellings were built in 2005. Each comparable has a basement, central air conditioning, two or three fireplaces, and an attached garage ranging in size from 976 to 1,122 square feet of building area. Comparable #2 has an inground swimming pool. The comparables have improvement assessments ranging from \$281,548 to \$305,133 or from \$50.00 to \$53.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to board of review comparable #2 which has an inground swimming pool which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, age, design, dwelling size, and most features. These comparables have improvement assessments ranging from \$201,861 to \$305,133 or from \$40.05 to \$51.73 per square foot of living area. The subject's improvement assessment of \$277,491 or \$51.04 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

² Board of review comparable #1 is described as a 1-story dwelling; however, the above ground living area exceeds the ground floor living area indicating the dwelling may be a two-story structure.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
