

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald Volkman
DOCKET NO.: 20-02544.001-R-1
PARCEL NO.: 14-20-403-016

The parties of record before the Property Tax Appeal Board are Gerald Volkman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,022
IMPR.: \$143,766
TOTAL: \$170,788

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,022 square feet of living area. The dwelling was built in 2001 and is approximately 19 years old. Features of the home include an unfinished walkout basement, central air conditioning, one fireplace, and a 660 square foot attached garage. The property has an approximately 10,125 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.46 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,834 to 3,164 square feet of living area. The dwellings are from 18 to 25 years old. Each comparable has an unfinished full basement,

central air conditioning, and an attached garage that ranges in size from 456 to 632 square feet of building area. One comparable has one fireplace. The comparables have improvement assessments that range from \$127,222 to \$142,180 or from \$44.89 to \$44.94 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$135,687 or \$44.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,788. The subject property has an improvement assessment of \$143,766 or \$47.57 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property and located within 0.43 of a mile from the subject. The comparables are improved with 2-story dwellings¹ of wood siding exterior construction ranging in size from 3,002 to 3,316 square feet of living area. The dwellings were built in 2000 or 2001. The board of review reported that each comparable has an unfinished full basement with two being walkout design, central air conditioning, one fireplace, and an attached garage that ranges in size from 650 to 1,031 square feet of building area. The comparables have improvement assessments that range from \$143,675 to \$160,430 or from \$47.86 to \$48.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board finds the parties' comparables to be similar to the subject in location, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$127,222 to \$160,430 or from \$44.89 to \$48.38 per square foot of living area. The subject's improvement assessment of \$143,766 or \$47.57 per square foot of living area falls within the range established by the comparables in the record. Based on the record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ Board of review comparable #1 is described as a 1-story dwelling; however, the above ground living area exceeds the ground floor living area indicating the dwelling may be a two-story structure.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
