

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Bey  
DOCKET NO.: 20-02547.001-R-1  
PARCEL NO.: 14-31-404-002

The parties of record before the Property Tax Appeal Board are Barbara Bey, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$56,310  
**IMPR.:** \$188,497  
**TOTAL:** \$244,807

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding construction with 3,900 square feet of living area. The dwelling was built in 1972. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and an 800 square foot attached garage. The property has an approximately 20,852 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.34 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,655 to 4,068 square feet of living area. The dwellings range in age from 51 to 54 years old. Each comparable has an

unfinished basement, central air conditioning, one or two fireplaces, and an attached garage that ranges in size from 528 to 897 square feet of building area. The improvement assessments on these properties range from \$160,381 to \$173,817 or from \$39.43 to \$45.76 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$171,112 or \$43.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,807. The subject property has an improvement assessment of \$188,497 or \$48.33 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.45 miles from the subject. The comparables are improved with 1.5-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,603 to 4,138 square feet of living area. The homes were built from 1965 to 1972 with comparables #2 and #4 having effective years built of 1973 and 1978, respectively. Each comparable has an unfinished basement with one being a walkout style, central air conditioning, one or three fireplaces, and an attached garage that ranges in size from 441 to 800 square feet of building area. The improvement assessments on these properties range from \$186,447 to \$202,475 or from \$48.53 to \$51.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables to support their respective positions. The Board finds each of the parties' comparables to be similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement assessments that range from \$160,381 to \$202,475 or from \$39.43 to \$51.75 per square foot of living area. The subject's improvement assessment of \$188,497 or \$48.33 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
