

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Diane Bennett
DOCKET NO.: 20-02548.001-R-1
PARCEL NO.: 14-31-301-050

The parties of record before the Property Tax Appeal Board are Diane Bennett, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,663
IMPR.: \$147,342
TOTAL: \$187,005

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,064 square feet of living area. The dwelling was constructed in 1967 and is approximately 53 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and an 864 square foot garage. The property has an approximately 19,580 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.66 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 2,740 to 3,321 square feet of living area. The dwellings range in age from 49 to 53 years old. Each comparable has an unfinished basement,

central air conditioning, one fireplace, and a garage ranging in size from 462 to 518 square feet of building area. The comparables have improvement assessments that range from \$118,450 to \$147,962 or from \$42.80 to \$44.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$133,513 or \$43.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,005. The subject property has an improvement assessment of \$147,342 or \$48.09 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within 0.72 of a mile from the subject property. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,726 to 3,095 square feet of living area. The dwellings were built from 1966 to 1971. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage ranging in size from 484 to 598 square feet of building area. The comparables have improvement assessments that range from \$131,337 to \$149,374 or from \$48.18 to \$48.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables to support their respective positions. The Board finds the parties' comparables are each similar to the subject in location, design, age, dwelling size, and other features. The comparables have improvement assessments that range from \$118,450 to \$149,374 or from \$42.80 to \$48.32 per square foot of living area. The subject's improvement assessment of \$147,324 or \$48.09 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
