

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francis Liedtke
DOCKET NO.: 20-02553.001-R-1
PARCEL NO.: 14-32-205-004

The parties of record before the Property Tax Appeal Board are Francis Liedtke, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,984
IMPR.: \$201,638
TOTAL: \$241,622

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,446 square feet of living area. The dwelling was constructed in 1989 and is approximately 31 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace, and a 924 square foot attached garage. The property has an approximately 44,487 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables with the same assessment neighborhood code as the subject property and located within 0.92 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 4,100 to 5,170 square feet of living area. The dwellings range in age from 21 to 36 years old. Each comparable has a full unfinished basement with three having walkout designs. Each comparable has central air conditioning, two or three

fireplaces, and an attached garage ranging in size from 680 to 1,204 square feet of building area. The comparables have improvement assessments that range from \$122,099 to \$212,162 or from \$28.35 to \$41.27 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$161,056 or \$36.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$241,622. The subject property has an improvement assessment of \$201,638 or \$45.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted the subject's property record card and a grid analysis on five suggested equity comparables with the same neighborhood code as the subject property and located within 0.92 of a mile from the subject. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction that range in size from 4,039 to 4,548 square feet of living area. The dwellings were built from 1987 to 2011 with comparable #1 having a reported effective age of 1993. Each comparable has an unfinished basement with two having walk-out designs, central air conditioning, one to three fireplaces, and an attached garage ranging in size from 672 to 1,054 square feet of building area. Comparables #1 and #3 have inground swimming pools. The comparables have improvement assessments ranging from \$214,526 to \$254,645 or from \$47.17 to \$56.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 with a considerably lower improvement assessment than the other comparables in the record. The Board gives less weight to the appellant's comparable #4 as well as board of review comparables #1, #2, and #3 which differ from the subject in dwelling size, age, or have an inground swimming pool which is a feature that the subject lacks. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 as well as board of review comparables #4 and #5 as these comparables are more similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$160,847 to \$254,645 or from \$34.31 to \$56.20 per square foot of living area. The subject's improvement assessment of \$201,638 or \$45.35 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
