

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barbara Mengarelli
DOCKET NO.: 20-02559.001-R-1
PARCEL NO.: 14-22-404-001

The parties of record before the Property Tax Appeal Board are Barbara Mengarelli, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,526
IMPR.: \$216,402
TOTAL: \$259,928

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and part 2-story dwelling of brick and wood siding exterior construction with 4,405 square feet of living area.¹ The dwelling was constructed in 1996 and is approximately 24 years old. Features of the home include a basement, central air conditioning, one fireplace, an attached garage with 763 square feet of building area, and a 600 square foot inground swimming pool. The property has approximately 49,317 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity

¹ The parties differ as to the dwelling's story height, site size, and dwelling size. The Board finds the best description of the subject is found in the subject's property record card provided by the board of review, which includes a detailed sketch and dimensions of the subject's improvements. In addition, the property record card revealed the subject has an inground swimming pool which was not reported by the appellant.

comparables with the same assessment neighborhood as the subject property and located within 0.30 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction that range in size from 4,228 to 4,662 square feet of living area. The dwellings are from 20 to 27 years old. Each of the comparables have a basement with one being a walkout design, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 783 to 927 square feet of building area. The comparables have improvement assessments that range from \$193,873 to \$209,419 or from \$44.92 to \$46.34 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$201,448 or \$45.73 per square foot of living area, based on 4,405 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$259,928. The subject property has an improvement assessment of \$216,402 or \$49.13 per square foot of living area, based on 4,405 square feet of living area.

In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables with the same assessment neighborhood as the subject property and located within 0.25 of a mile from the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,956 to 4,396 square feet of living area. The dwellings were built in 1997 or 1998. Each comparable has a basement with one being a walk-out design, central air conditioning, two fireplaces, and an attached garage with 709 or 792 square feet of building area. The comparables have improvement assessments ranging from \$195,145 to \$217,020 or from \$49.33 to \$49.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds the comparables are relatively similar to the subject in location, design, age, dwelling size, and most features. However, each comparable lacks an inground swimming pool, a feature of the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$193,873 to \$217,020 or from \$44.92 to \$49.62 per square foot of living area. The subject's improvement assessment of \$216,402 or \$48.90 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
