

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paresh Patel
DOCKET NO.: 20-02562.001-R-1
PARCEL NO.: 14-05-105-034

The parties of record before the Property Tax Appeal Board are Paresh Patel, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,626
IMPR.: \$207,336
TOTAL: \$248,962

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,714 square feet of living area. The dwelling was constructed in 2015 and is approximately 5 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 721 square foot garage. The property has an approximately 61,580 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,452 to 4,191 square feet of living area. The dwellings are 6 or 20 years old. Each comparable has an unfinished basement, central air conditioning and a garage ranging in size

from 684 to 900 square feet of building area. Three comparables each have either one or three fireplaces. The comparables have improvement assessments that range from \$147,665 to \$181,273 or from \$41.94 to \$44.21 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$159,237 or \$42.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$248,962. The subject property has an improvement assessment of \$207,336 or \$55.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 3,847 to 3,945 square feet of living area. The dwellings were built in 2014 and 2015. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 818 to 946 square feet of building area. The comparables have improvement assessments that range from \$216,937 to \$226,307 or from \$55.90 to \$58.06 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 due to their older dwelling ages when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4, along with board of review comparables, are overall most similar to the subject in dwelling size, design, age and features. These five comparables have improvement assessments that range from \$152,627 to \$226,307 or from \$44.21 to \$58.06 per square foot of living area. The subject's improvement assessment of \$207,336 or \$55.83 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
