

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Zwiener
DOCKET NO.: 20-02580.001-R-1
PARCEL NO.: 14-31-307-006

The parties of record before the Property Tax Appeal Board are Douglas Zwiener, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,045
IMPR.: \$134,617
TOTAL: \$180,662

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,838 square feet of living area. The dwelling was constructed in 1966 and is approximately 54 years old. Features of the home include a basement, central air conditioning, one fireplace and a 484 square foot garage. The property has an approximately 24,200 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 2,616 to 3,138 square feet of living area. The homes are either 49 or 51 years old. Three comparables have a basement and one comparable has a concrete slab

foundation. Each home has central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 616 square feet of building area. The comparables have improvement assessments that range from \$107,834 to \$137,083 or from \$41.22 to \$44.02 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$122,104 or \$43.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,662. The subject has an improvement assessment of \$134,617 or \$47.43 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 2,580 to 2,806 square feet of living area. The homes were built from 1970 to 1972. Three comparables have a basement and two comparables each have a concrete slab foundation. Each home has central air conditioning, one fireplace and a garage ranging in size from 462 to 702 square feet of building area. Comparable #4 also has an enclosed frame porch. The comparables have improvement assessments that range from \$133,364 to \$141,719 or from \$48.92 to \$53.57 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #2 and board of review comparables #4 and #5 which have a slab foundation in contrast to the subject's basement foundation.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #3 and #4 along with board of review comparables #1, #2 and #3 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$107,834 to \$141,719 or from \$41.22 to \$51.24 per square foot of living area. The subject's improvement assessment of \$134,617 or \$47.43 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
