

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dale Greeson  
DOCKET NO.: 20-02600.001-R-1  
PARCEL NO.: 15-14-202-002

The parties of record before the Property Tax Appeal Board are Dale Greeson, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$66,096  
**IMPR.:** \$146,432  
**TOTAL:** \$212,528

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,816 square feet of living area. The dwelling was constructed in 1985 and is approximately 35 years old. Features of the home include a basement that is finished with a recreation room, central air conditioning, a fireplace and a 420 square foot garage. The property has an approximately 20,230 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,772 to 3,084 square feet of living area. The dwellings are 32 to 41 years old. The comparables

each have a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 529 to 720 square feet of building area. The comparables have improvement assessments that range from \$125,642 to \$151,543 or from \$45.33 to \$49.89 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$136,224 or \$48.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$212,528. The subject property has an improvement assessment of \$146,432 or \$52.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three comparables with the same assessment neighborhood code as the subject. The board of review reported the comparables are improved with a 1.5-story, a 2-story, or a part 1-story and part 2-story<sup>1</sup> dwelling of brick, wood siding, or wood siding and brick exterior construction ranging in size from 2,535 to 2,640 square feet of living area. The dwellings were built from 1984 to 1988. Each comparable has a basement that is finished with a recreation room, central air conditioning, one fireplace and a garage ranging in size from 552 to 803 square feet of building area. Comparable #1 has a gazebo and comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$144,678 to \$161,532 or from \$55.09 to \$61.19 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #4 as each has an unfinished basement in contrast to the subject's basement that is finished with a recreation room. The Board gives reduced weight to board of review comparable #3 as it has an inground swimming pool, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1, along with board of review comparables #1 and #2 which are relatively similar to the subject in dwelling size, age and some features. These comparables have improvement assessments ranging from \$125,642 to \$161,532 or from \$45.33 to \$61.19 per square foot of living area. The

<sup>1</sup> The board of review reported that its comparable #3 is a 1-story design. However, the Board finds the board of review's grid analysis depicts the dwelling as having a ground floor area that is considerably smaller than the reported above ground living area suggesting the dwelling is a part 1-story and a part 2-story design.

subject's improvement assessment of \$146,432 or \$52.00 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
