

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sheryl Guill  
DOCKET NO.: 20-02602.001-R-1  
PARCEL NO.: 15-29-305-013

The parties of record before the Property Tax Appeal Board are Sheryl Guill, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$23,070  
**IMPR.:** \$90,064  
**TOTAL:** \$113,134

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,136 square feet of living area. The dwelling was constructed in 1972 and is approximately 48 years old. Features of the home include a crawl space foundation, central air conditioning and a 440 square foot garage. The property has an approximately 8,770 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,136 to 2,442 square feet of living area. The dwellings are 47 or 48 years old. Each comparable has a crawl space foundation, central air conditioning, one or two fireplaces and a

440 square foot garage. The comparables have improvement assessments that range from \$76,204 to \$92,211 or from \$34.17 to \$37.76 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$76,842 or \$35.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$113,134. The subject property has an improvement assessment of \$90,064 or \$42.16 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction, each built in 1972 and containing 2,136 square feet of living area. One comparable has an unfinished basement. Four comparables each have a crawl space foundation and one fireplace. Each comparable has central air conditioning and a 440 square foot garage. Comparable #4 has a metal utility shed. The comparables have improvement assessments that range from \$90,305 to \$99,684 or from \$42.28 to \$46.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #3 and #4 due to differences from the subject in dwelling size. The Board has given reduced weight to board of review comparable #3 as the dwelling has a basement in contrast to the subject dwelling's crawl space foundation.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2, along with board of review comparables #1, #2, #4 and #5 which are identical to the subject in dwelling size, design, foundation type, age and some features. These comparables have improvement assessments ranging from \$76,204 to \$97,559 or from \$35.68 to \$45.67 per square foot of living area. The subject's improvement assessment of \$90,064 or \$42.16 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
