

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Abraham Ryder
DOCKET NO.: 20-02606.001-R-1
PARCEL NO.: 14-31-101-012

The parties of record before the Property Tax Appeal Board are Abraham Ryder, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,609
IMPR.: \$217,170
TOTAL: \$265,779

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,592 square feet of living area. The dwelling was constructed in 1971 but has a 1981 effective age. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and an attached 835 square foot garage. The property has an approximately 29,670 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located .23 or .52 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 4,068 to 4,782 square feet of living area. The dwellings were built from 1967 to 1969. The comparables have unfinished full or partial basements, central air conditioning, one or two

fireplaces, and an attached garage ranging in size from 550 to 920 square feet of building area. The comparables have improvement assessments ranging from \$160,381 to \$200,697 or from \$39.43 to \$41.97 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$265,779. The subject property has an improvement assessment of \$217,170 or \$47.29 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparable properties that are located from .38 to .55 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,970 to 4,138 square feet of living area. The dwellings were built from 1965 to 1969, with homes built in 1966, 1968 and 1969 having 1978, 1970 and 1978 effective ages, respectively. The comparables have unfinished full basements, one of which has a walkout, central air conditioning and an attached garage ranging in size from 441 to 874 square feet of building area. Four comparables each have from one to three fireplaces. The comparables have improvement assessments ranging from \$188,006 to \$202,475 or from \$47.30 to \$49.67 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board finds all of the parties' comparables are similar to the subject in location, style and most features. However, each of the parties' comparables has an older dwelling, or a dwelling with an older effective age, when compared to the subject. Additionally, eight of the parties' comparables have considerably smaller dwellings when compared to the subject. Nevertheless, the comparables have improvement assessments ranging from \$160,381 to \$202,475 or from \$39.43 to \$49.67 per square foot of living area. The subject's improvement assessment of \$217,170 or \$47.29 per square foot of living area falls above the range established by the comparables in the record on a total improvement assessment basis but within the range on a per square foot basis. However, after considering adjustments to the comparables for differences when compared to the subject, such as their older age or effective age, the Board finds the subject's higher total improvement assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
