

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Lou Sylwestrak  
DOCKET NO.: 20-02625.001-R-1  
PARCEL NO.: 14-06-301-115

The parties of record before the Property Tax Appeal Board are Mary Lou Sylwestrak, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$55,528  
**IMPR.:** \$138,332  
**TOTAL:** \$193,860

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,005 square feet of living area. The dwelling is 25 years old. Features of the home include an unfinished full walkout basement, central air conditioning, two fireplaces and an attached 540 square foot garage. The property has a 14,089 square foot site and is located in North Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located from .05 to .61 of a mile from the subject. The comparables are improved with 1-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,000 to 3,431 square feet of living area. The dwellings are 25 or 31 years old. The comparables have unfinished full basements, one of which has a walkout, central air

conditioning, a fireplace and an attached garage ranging in size from 598 to 851 square feet of building area. The comparables have improvement assessments ranging from \$116,368 to \$140,547 or from \$38.58 to \$41.22 per square foot of living area. The appellant disclosed the subject has a total assessment of \$193,860. The subject property has an improvement assessment of \$138,332 or \$46.03 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" for a property located at 1739 Pebble Beach Way, Vernon Hills, which is not the subject property. The board of review's submission included information on four comparable properties that are located in Vernon Hills.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable properties for the Board's consideration. The Board gives less weight to the board of review's comparables due to their locations in Vernon Hills, when compared to the subject. The Board finds the appellant's comparables are similar to the subject in location and some features. However, two of the appellant's comparables are dissimilar 1-story style dwellings, three have older dwellings, three lack a basement walkout and each lacks a fireplace, when compared to the subject. Nevertheless, the appellant's comparables have improvement assessments ranging from \$116,368 to \$140,547 or from \$38.58 to \$41.22 per square foot of living area. The subject's improvement assessment of \$138,332 or \$46.03 per square foot of living area falls within the range established by the appellant's comparables on a total improvement assessment basis but above the range on a per square foot basis. However, after considering adjustments to the appellant's comparables for differences when compared to the subject, the Board finds the subject's higher per square foot improvement assessment is justified. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
