

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Debbie Buffardi
DOCKET NO.: 20-02629.001-R-1
PARCEL NO.: 14-10-311-003

The parties of record before the Property Tax Appeal Board are Debbie Buffardi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,550
IMPR.: \$150,436
TOTAL: \$182,986

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,823 square feet of living area.¹ The dwelling was constructed in 1988. Features of the home include an unfinished full basement, central air conditioning, a fireplace and an attached 814 square foot garage. The property has an approximately 42,850 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located from .06 of a mile to 1.89 miles from the subject. The comparables

are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,534 to 4,273 square feet of living area. The dwellings were built from 1980 to 2001. The comparables have unfinished full basements, central air conditioning and an attached garage ranging in size from 572 to 1,575 square feet of building area. Three comparables each have from one to three fireplaces. The comparables have improvement assessments ranging from \$111,786 to \$151,494 or from \$30.22 to \$36.42 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,986. The subject property has an improvement assessment of \$150,436 or \$39.35 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparable properties that are located from 1.20 to 1.71 miles from the subject. The comparables are improved with 2-story dwellings of brick, wood siding or wood siding and brick exterior construction ranging in size from 3,487 to 3,808 square feet of living area. The dwellings were built from 1987 to 1991. The comparables have unfinished full basements, one or two fireplaces, and an attached garage ranging in size from 672 to 876 square feet of building area. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$136,866 to \$154,929 or from \$39.25 to \$40.69 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration, with only the appellant's comparable #3 being located within a mile from the subject. However, this comparable has an older and smaller dwelling when compared to the subject. Nevertheless, the parties' comparables are similar to the subject in style and most features. The parties' comparables have improvement assessments ranging from \$111,786 to \$154,929 or from \$30.22 to \$40.69 per square foot of living area. The subject's improvement assessment of \$150,436 or \$39.35 per square foot of living area falls within the range established by the parties' comparables. After considering adjustments to the parties' comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
