

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Nagy
DOCKET NO.: 20-02640.001-R-1
PARCEL NO.: 14-33-402-024

The parties of record before the Property Tax Appeal Board are George Nagy, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,875
IMPR.: \$119,488
TOTAL: \$154,363

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,057 square feet of living area. The dwelling was built in 1977 and is approximately 43 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 754 square feet of building area. The property has a site with approximately 34,430 square feet of land area and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick exterior construction ranging in size from 3,057 to 3,297 square feet of living area. The homes are 43 or 44 years old. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an

attached garage with either 725 or 754 square feet of building area. These properties are located within .25 of one mile from the subject property. Their improvement assessments range from \$119,102 to \$130,194 or from \$37.39 to \$40.31 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$118,535.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,937. The subject property has an improvement assessment of \$136,062 or \$44.51 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,618 to 3,470 square feet of living area. The homes were built from 1978 to 1987. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an attached garage ranging in size from 650 to 889 square feet of building area. The comparables are located from 1.60 to 2.16 miles from the subject property. The comparables have improvement assessments ranging from \$126,753 to \$164,163 or from \$44.95 to \$51.88 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the appellant as these comparables are more similar to the subject property in location, dwelling age, and/or dwelling size than are the comparables provided by the board of review. The appellant's comparables have improvement assessments that range from \$119,102 to \$130,194 or from \$37.39 to \$40.31 per square foot of living area. The subject's improvement assessment of \$136,062 or \$44.51 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
