

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Mozer
DOCKET NO.: 20-02641.001-R-1
PARCEL NO.: 14-32-301-036

The parties of record before the Property Tax Appeal Board are James Mozer, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,749
IMPR.: \$111,706
TOTAL: \$155,455

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction containing 2,273 square feet of living area. The dwelling was built in 1977 and is approximately 43 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 630 square feet of building area. The subject property has a site with approximately 43,200 square feet of land area in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story or two-story dwellings of brick exterior construction that range in size from 2,112 to 2,456 square feet of living area. The comparables range in age from 42 to 54 years old. Each property has an unfinished full basement, central air conditioning, and

an attached garage ranging in size from 529 to 660 square feet of building area. Three comparables each have one or two fireplaces. These properties have the same assessment neighborhood code as the subject and are located from approximately .14 to 1.18 miles from the subject property. The comparables have improvement assessments that range from \$95,496 to \$106,973 or from \$42.81 to \$46.02 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$100,921.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,455. The subject property has an improvement assessment of \$111,706 or \$49.14 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with one-story dwellings of brick exterior construction that range in size from 2,162 to 2,518 square feet of living area. The homes were built from 1969 to 1979. Each property has an unfinished full basement, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 621 to 858 square feet of building area. Comparables #3 and #5 each have an in-ground swimming pool. These properties have the same assessment neighborhood code as the subject and are located from approximately .5 to 1.0 mile from the subject property. The comparables have improvement assessments that range from \$109,115 to \$123,611 or from \$49.09 to \$51.22 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and the comparables submitted by the board of review as these properties are improved with dwellings similar to the subject in style, age and most features. Board of review comparables #3 and #5 each have an in-ground swimming pool, a feature the subject does not have, suggesting each would require a downward adjustment to make them more equivalent to the subject property. These six comparables have improvement assessments that range from \$106,973 to \$123,611 or from \$43.56 to \$51.22 per square foot of living area. The subject's improvement assessment of \$111,706 or \$49.14 per square foot of living area falls within the range established by the best comparables in this record. Little weight is given appellant's comparables #1, #3 and #4 due to differences from the subject dwelling in style/design. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. The Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
