

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gregory Mikolajczyk  
DOCKET NO.: 20-02643.001-R-1  
PARCEL NO.: 14-01-203-013

The parties of record before the Property Tax Appeal Board are Gregory Mikolajczyk, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,480  
**IMPR.:** \$98,690  
**TOTAL:** \$130,170

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of brick and wood siding exterior construction containing 2,758 square feet of living area. The dwelling was built in 1985 and is approximately 35 years old. Features of the home include an unfinished partial basement, central air conditioning, one fireplace and an attached garage with 637 square feet of building area. The property has a site with approximately 40,800 square feet of land area in Mundelein, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding or vinyl siding exterior construction that range in size from 2,790 to 3,186 square feet of living area. The comparables are 29 or 42 years old. Each property has an unfinished full or partial basement, central air

conditioning, one or two fireplaces and an attached garage ranging in size from 400 to 756 square feet of building area. These properties have the same assessment neighborhood code as the subject and are located from approximately .11 to .34 of one mile from the subject property. The comparables have improvement assessments that range from \$86,652 to \$94,947 or from \$28.05 to \$34.41 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$85,635.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$130,170. The subject property has an improvement assessment of \$98,690 or \$35.78 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 2,500 to 2,985 square feet of living area. The homes were built from 1978 to 1990. Each property has an unfinished full or partial basement, central air conditioning, one fireplace, and an attached garage ranging in size from 441 to 825 square feet of building area. These properties have the same assessment neighborhood code as the subject and are located from approximately .07 to .24 of one mile from the subject property. The comparables have improvement assessments that range from \$89,480 to \$106,544 or from \$35.69 to \$36.22 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 through #4 and the comparables submitted by the board of review as these comparables are most similar to the subject in dwelling size as well as most features. These comparables have improvement assessments that range from \$86,652 to \$106,544 or from \$31.04 to \$36.22 per square foot of living area. The subject's improvement assessment of \$98,690 or \$35.78 per square foot of living area falls within the range established by the best comparables in this record. Little weight is given appellant's comparable #1 due to differences from the subject in dwelling size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. The Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
