

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neal Hoffenberg
DOCKET NO.: 20-02656.001-R-1
PARCEL NO.: 15-21-301-006

The parties of record before the Property Tax Appeal Board are Neal Hoffenberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,227
IMPR.: \$148,750
TOTAL: \$193,977

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,402 square feet of living area. The dwelling was constructed in 1996 and is approximately 24 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 654 square foot garage. The property has an approximately 15,246 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 3,402 to 3,690 square feet of living area. The homes range in age from 22 to 25 years old. Each home has a basement, one of which has finished area, central air conditioning, and a

630 or 654 square foot garage. Two homes have a fireplace. The comparables have improvement assessments ranging from \$142,100 to \$161,997 or from \$41.77 to \$43.90 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$146,739 or \$43,13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,251. The subject property has an improvement assessment of \$163,024 or \$47.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables for which the board of review submitted 2021 assessment data. As this 2021 assessment data is not responsive to the appellant's 2020 tax year appeal, the Board shall not further consider these comparables. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of three equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2, which has a finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments of \$142,100 to \$149,663 or \$41.77 and \$43.74 per square foot of living area, respectively. The subject's improvement assessment of \$163,024 or \$47.76 per square foot of living area falls above the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, such as dwelling size, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
