

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Jack
DOCKET NO.: 20-02662.001-R-1
PARCEL NO.: 15-11-403-004

The parties of record before the Property Tax Appeal Board are Edward Jack, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$165,519
IMPR.: \$298,638
TOTAL: \$464,157

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and stone construction with 7,257 square feet of living area. The dwelling was constructed in 2010 and is approximately nine years old. Features of the home include a full basement with 3,481 square feet of finished area, central air conditioning, three fireplaces, an inground swimming pool, a hot tub, and an attached garage with 1,810 square feet of building area. The property has a 100,623 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick or dryvit exterior construction ranging in size from 5,087 to 8,652 square feet of living area. The dwellings range in age from 9 to 30 years old. Each property has a full basement with two having 2,083 or 2,297 square feet of

finished area, central air conditioning, two to six fireplaces, and an attached garage ranging in size from 794 to 1,459 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$188,516 to \$324,422 or from \$35.31 to \$37.50 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$263,791.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$464,157. The subject property has an improvement assessment of \$298,638 or \$41.15 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of brick exterior construction ranging in size from 6,006 to 6,664 square feet of living area. The dwellings were built from 1998 to 2009. Each property has a partial or a full basement with three having 2,175 to 3,321 square feet of finished area, central air conditioning, two to four fireplaces, and an attached garage ranging in size from 1,005 to 2,327 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$242,873 to \$261,342 or from \$39.22 to \$41.93 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparables similar to the subject in location and style. The Board gives less weight to appellant's comparables #2, #3 and #4 due to differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 as well as the board of review comparables. The Board finds one of the comparables has an unfinished basement whereas the subject has finished basement area, three of the comparables have fewer bathrooms than the subject property, four comparables have a smaller garage than the subject property, and none of the comparables have a swimming pool as does the subject property. Based on these inferior characteristics in relation to the subject property, the Board finds the improvement assessments of these comparables would require upward adjustments to make them more equivalent to the subject property. These comparables have improvement assessments that range from \$242,873 to \$282,695 or from \$35.31 to \$41.93 per square foot of living area. The subject's improvement assessment of \$298,638 or \$41.15 per square foot of living area falls within the per square foot range established by the best comparables in this record but above the range on an overall basis, which is well supported given the subject's superior attributes relative

to these comparables. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
